

Healthy Holiday Challenge

Week 2: Add “healthy” to every holiday helping

It’s that time of year when you and your family are inspired to cook your favorite comfort foods or sweet treats. But these high-calorie dishes can add up to holiday love handles. Thankfully, there are few simple tricks to turn any traditional recipe into a lower-calorie health food that’s still delicious.

Here are some easy ways to give your homemade dishes a healthy makeover. Try these out to help you manage your weight – all season long.

- **Go low.** Swap low- or nonfat Greek yogurt for sour cream in dips, appetizers, and casseroles. Also, instead of full-fat cheeses, choose low-fat cheese.
 - **Bring backup.** Be sure to bring your favorite healthy dish to the party. That way, if you don’t see anything healthy to eat, you’ve got your dish to help you stay on track.
 - **Brighten up.** Replace one heavy starch dish with a fresh fruit, bright vegetable dish – such as mixed greens or roasted asparagus.
