

Continue your family's UC benefits

Verify their eligibility

To make sure we use UC's benefits resources wisely, UC is working with UnifyHR to confirm that your family members are still eligible to be enrolled in health and welfare benefits as your dependents.

What to do:

- Watch for a packet from UnifyHR.
- Read the directions to find out your deadline and what documents to submit.
- Respond by the deadline to continue your family members' benefits. Failure to verify will result in cancellation of your family members' coverage.
